THE ADJUTANT GENERAL

SOUTH CAROLINA MITIGATION PLAN  
STATEMENT OF EXECUTION

The Interagency Coordinating Committee (ICC) hereby adopts the South Carolina Hazard Mitigation Plan Update dated October 2013 for the State of South Carolina under the requirements in 44 CFR 201. This plan update was developed through a partnership with numerous state agencies and other organizations to identify ways to reduce loss of life and property damage due to natural disasters. Additionally, as required in 44 CFR 13.11(d), the ICC will amend the plan to reflect new or revised Federal regulations or statutes, or changes in State law, organization, policy, or State agency operation. The amendment can be added as an annex to the plan and later incorporated into the appropriate section(s) when the plan is formally updated as required in §201.4(d) of the Rule.
