

**ANNEX J TO HURRICANE PLAN**  
**SPECIAL MEDICAL NEEDS SHELTER MANAGEMENT**

---

**I. GENERAL**

- A. Special Medical Needs Shelters (SMNS) are provided for evacuees requiring special medical attention and their caregiver.
- B. All licensed healthcare facilities and home health agencies are required by license agreement to develop emergency plans for their clients that do not include Special Medical Needs Shelters as their emergency destination.

**II. SPECIAL MEDICAL NEEDS SHELTERS**

- A. See Annex 6 (Mass Care) for Lead and Support Agency roles and responsibilities for SMNSs as well as general sheltering criteria.
- B. Opening of SMNSs
  - 1. DHEC will open and operate special medical needs shelters in coordination with the ESF 6 Mass Care and where needs are identified by local DHEC and Emergency Management staff.
  - 2. The trigger for opening of the SMNS will depend on if there is an evacuation ordered by the Governor.
    - a. In Coordination With A Hurricane Evacuation
      - (1) At the beginning of the evacuation, ESF-6 will coordinate with DHEC to open SMNSs to support the evacuation plan and respond to the evacuation of the coastal areas.
      - (2) After tropical force winds have passed through the areas, DHEC will open additional SMNSs as requested by county emergency management to support the sheltering needs of the local communities.
    - b. In the event of a hurricane without an evacuation order, DHEC will open SMNSs as requested by county emergency management to support the sheltering needs of the local communities.
- C. Closing of SMNSs
  - 1. A SMNS will not close until all shelter clients can return home or relocate to a suitable alternate location.
  - 2. DHEC will coordinate the closing of SMNSs with local emergency management and with ESF-6 (Mass Care).

- D. DHEC has pre-coordinated the following facilities for use as SMNSs in support of the Hurricane Evacuation Plan.
1. These locations are subject to change with/without notice.
