I. INTRODUCTION

- A. Generation of timely public information coordinated with the appropriate level of government is essential to avoid or minimize loss of life and property if a disaster is imminent or has occurred.
- B. Before, during, and after emergency operations, the State will apprise the public through reports to the news media, the internet, the Emergency Alert System (EAS), and various alternative media.
- C. State services and assistance provided under this function shall include the delineation of responsibilities and protective actions to be taken to provide the general public with essential information, and the documentation of emergency actions and operations implemented or proposed by written, verbal or photographic means.

II. PURPOSE

Provide effective public information through coordination with appropriate Federal, State, and local agencies and organizations to minimize loss of life and property before, during, and after an emergency or disaster.

III. CONCEPT OF OPERATIONS

- A. The Public Information Division of the South Carolina Emergency Management Division (SCEMD) is responsible for all ESF-15 administrative, management, planning, preparedness, mitigation, response, and recovery activities to include developing, coordinating and maintaining the ESF-15 Standard Operating Procedures (SOP).
- B. ESF-15 supporting agencies will assist the SCEMD in the planning and execution of the above.
- C. ESF-15 personnel will be familiar with the National Response Framework and the corresponding annex with Federal counterpart concepts, actions and

responsibilities. This familiarization will include, but not be limited to, the organization, structure, functions and responsibilities of the Incident Management Assistance Teams (IMAT), and the Joint Field Office (JFO).

- D. Disaster and emergency information from South Carolina government shall be clear, concise, and accurate regarding the existing situation, actions being taken by authorities, and those to be taken by the population.
- E. On behalf of the Governor, the Director of SCEMD, through ESF-15, is responsible for informing the public of emergency and disaster operations within the State.
- F. ESF-15 will coordinate Public Information efforts to prevent and counter rumors, hearsay, and inaccuracies.
- G. ESF-15 will coordinate with all appropriate departments, agencies, and organizations to ensure accurate, timely, and consistent emergency public information.
- H. The dissemination of public information during emergency and disaster operations is done with the advice and consent of the Governor's Director of Communications, who reserves the authority to intervene, to assume control, or to disseminate supplementary public information at any time.
- I. ESF-15 will keep the Governor's Director of Communications informed of media-related events as they unfold and will provide such information on a continuing and timely basis.
- J. State agencies or department will make their public information, public relations, or public affairs personnel available to augment ESF-15 when requested, to include non-English speaking individuals and/or special needs populations.
- K. The South Carolina EAS will be activated appropriately according to established area, State, and national EAS procedures.
- L. ESF-15 will coordinate efforts to report and document emergency/disaster operations at the SEOC and/or near the incident site.
- M. ESF-15 will establish a Joint Information System (JIS) of public information personnel from all affected jurisdictions, agencies, and private sector organizations. If appropriate, representatives of those jurisdictions may provide emergency public information from a Joint Information Center (JIC). Under some circumstances, State agencies or departments may issue press statements. However, the State agencies or departments will coordinate these with ESF-15 prior to release.
- N. ESF-15 will provide and/or coordinate situation briefings, press conferences, taped messages, photographs, news accounts, statistics on injuries and fatalities, and other information to the news media as appropriate, to include information targeted for non-English speaking individuals and/or special needs populations.

- O. On behalf of the State, ESF-15 will provide similar materials and briefings for State and Federal officials and coordinate State and local information/news releases with related Federal, State, and local agencies and officials. ESF-15 will coordinate with the Governor's Director of Communications regarding such activities.
- P. ESF-15 will consult with appropriate department or agency heads concerning implementation of emergency or disaster public information activities.
- Q. ESF-15 will provide timely and continuing information to the Governor's Director of Communications, and make appropriate recommendations if requested.
- R. When activated, provide public information personnel to support the Public Information Phone System (PIPS).
- S. State ESF-15 will coordinate with Federal ESF-15 to obtain federal assistance as required.

IV. ESF ACTIONS

- A. Preparedness
