

## MGT-418-1

The National Center for Biomedical Research and Training (NCBRT) at Louisiana State University invites you to join us for a unique training opportunity. The NCBRT is offering the following Department of Homeland Security (DHS) certified course:

### **Readiness: Training Identification Preparedness Planning (MGT-418-1)**

This course teaches participants how to create effective training plans for their agencies and jurisdictions. By evaluating their abilities to meet their emergency operations plan (EOP) using traditional and national preparedness tools, participants can answer the following critical readiness questions:

- How prepared do we need to be?
- How prepared are we?
- How do we prioritize efforts to close the difference?

Agencies that plan and train together are much better equipped to successfully respond together. In this course, participants learn a Jurisdiction Training Assessment Process in which an integrated assessment team creates a jurisdictional profile and evaluates their abilities to meet their EOP. Participants are then able to identify and catalog training gaps and identify ways to close them by prioritizing training efforts, developing improvement plans, and implementing a course of action.

**Professional Disciplines:** Law Enforcement, Emergency Medical Service, Emergency Management Agency, Fire Service, Hazardous Materials Personnel, Public Works, Governmental Administrative, Public Safety Communication, Healthcare, Public Health

The target audience for the **Train-the-Trainer** version of this course is established trainers/instructors who are seeking to train participants and whose responsibilities include the following:

- Plan development, including emergency operations plan
- Training needs determination and management
- Resource allocation and management (personnel, equipment and systems)
- Purchasing and logistics management
- Exercise coordination, development and evaluation
- Capabilities evaluation
- Organizational design and management

Trainers/instructors will teach the Indirect version of this course using course materials provided by NCBRT.

**Date: September 27-28, 2016**

**Location: SCEMD Training Annex  
2779 Fish Hatchery Road  
West Columbia, SC 29172**

**How to Register: Registration opens June 27, 2016. Please visit [www.scemdlms.org](http://www.scemdlms.org) to register.**
