

Evacuation and Re-entry Planning G358

SCEMD TRAINING GRAM

Course Description:

This course is designed to provide participants with the knowledge and skills needed to design and implement an evacuation and re-entry plan for their jurisdictions. It uses a community's vulnerability analysis and evacuation plan. It also addresses evacuation behavior and recommends methods to make evacuation and re-entry more efficient.

This course **DOES NOT** address the decision to evacuate or re-enter.

Target Audience:

The audience for this course are individuals responsible for planning, implementing, and carrying out evacuations within a jurisdiction and should attend this course as a team. State and local government emergency program managers, emergency planners and response personnel also benefit from this training.
