

Unified Hazard Mitigation Assistance: Developing Quality Application Elements L212

SCEMD TRAINING GRAM

Course Description:

The goal of this course is to enable Unified Hazard Mitigation Assistance (HMA) grant applicants and sub-applicants to develop eligible mitigation projects and submit successful applications.

Objectives:

- Clearly explain and apply mitigation concepts
- Identify and develop eligible mitigation projects
- Prepare and submit successful grant applications
- Identify Unified HMA programs that could fund mitigation plans and projects

Target Audience:

Local government emergency managers, city and county administrators, community planners, and anyone involved in the development of mitigation plans or projects.
