

Signatories to the Statewide Mutual Aid Agreement

All 46 of South Carolina's counties have currently signed the Statewide Mutual Aid Agreement. The Agreement is most effective if every county, municipality, special purpose district, and all other emergency service providers in the state sign on. Those entities are free to sign on independent of one another.

The following **SIGNATORIES** list indicates alphabetically the counties that are signatories to the Agreement and the entities within the counties that are signatories. The **LEGEND** explains list details.

LEGEND:

- **County designations** are in **bold**. If the county has signed, it will be the first bullet below the bold designation. The other signatories in the county will follow alphabetically.
- **(C)** Indicates that a contact page (Titled "Authorized Representatives" at Page 16 of the Agreement) has been filled out and is in our file.
- **(I)** Indicates that some document indicating the entity carries insurance has been received in accordance with Page 12 of the Agreement.
- **(V)** Indicates that a signature has been verbally communicated but nothing is on file.
- **JUST THE NAME** of an entity means that there is a signature page (Page 15) signed by the entity in our file but no other documents have been received.
